

SXT sixpack

Five SXT units and one SXTG SA as a kit

SXTG-5HPnD-SAr2 is a low cost, high speed gigabit 5GHz outdoor wireless sector access point. It has a ninety degree antenna to provide a wider coverage than our previous SXT units. Complete with a ready to mount enclosure and built-in 14dBi antenna, the package contains everything you need to set it up in a matter of minutes.

SXT-5HPnD is a low cost, high speed 5GHz wireless device. It has a dual chain antenna and supports 802.11n and Nv2 TDMA technology to achieve 200Mbit throughput speed! Complete with a ready to mount enclosure and built-in antenna, this is the perfect CPE!

We are now offering the SXTG-5HPnD-SAr2 bundled with FIVE SXT-5HPnD client devices - for the price of five SXT-5HPnD units, you get a complete kit.

The kit includes 6 devices, all mounting kits, adapters and PoE injectors - *all for the price of 5 SXT units.*
