HS105

HS105
Compact Design | Remote Access | Scheduling | Kasa App
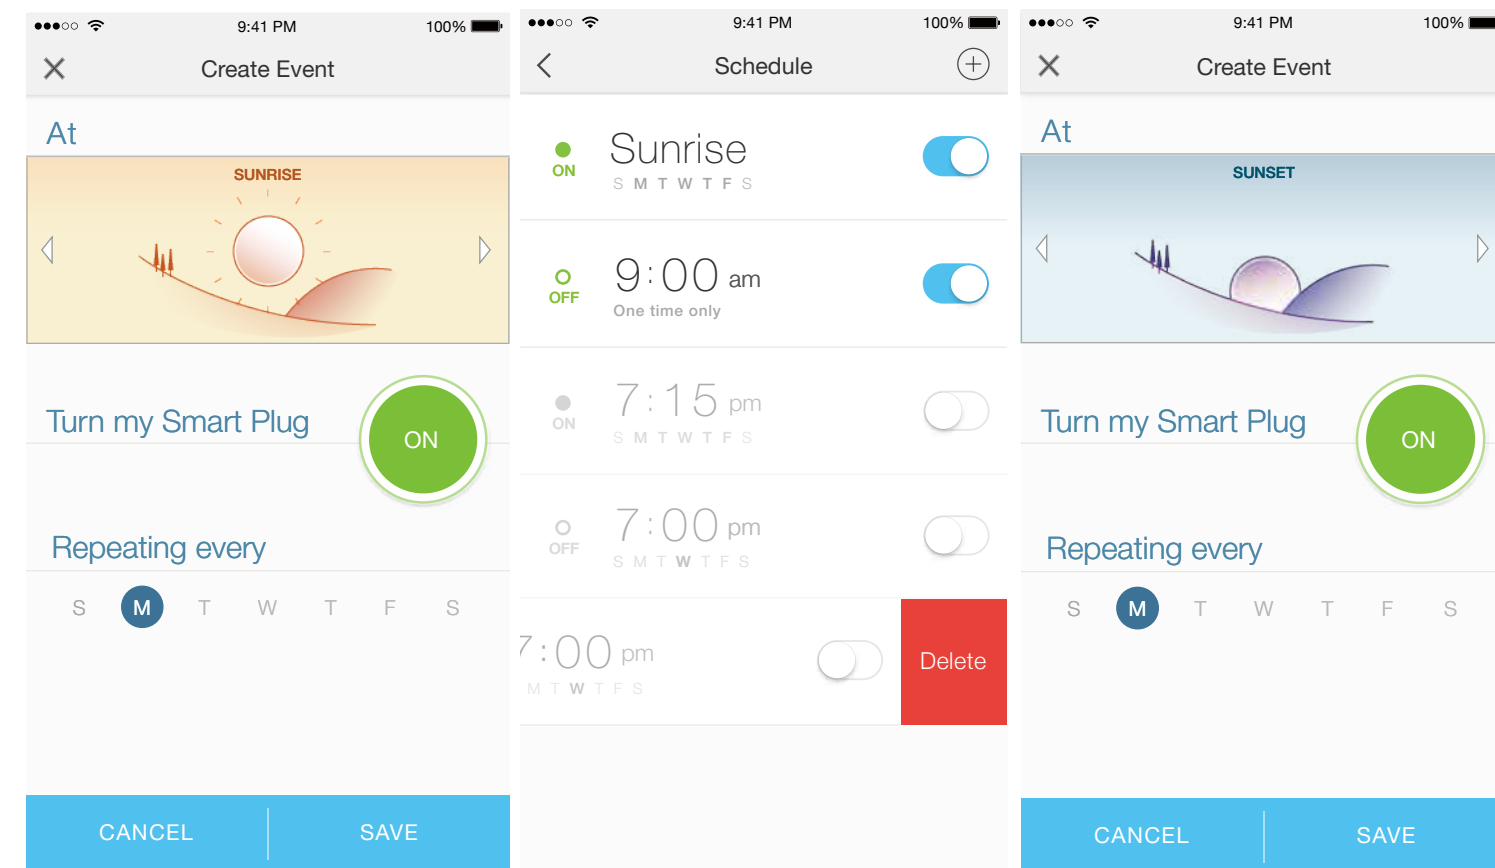

Highlights

Remote Access

Control devices connected to the Smart Plug wherever you have Internet using the free Kasa app on your smartphone.
Scheduling

Schedule the Smart Plug to automatically power electronics on and off as needed, like setting lights to come on at dusk or turn off at sunrise.

Highlights

Away Mode

Turns your devices on and off at different times to give the appearance that someone is home.

Amazon Echo Voice Control

Amazon Echo (sold separately) lets you control devices connected to the Smart Plugs just using your voice.

Features

Ease of Use

· **Anytime, Anywhere -** The Smart Plugs make it easy to manage your household electronic devices anywhere in the world with a tap of your smartphone.

· **Schedule and Timer -** Deter bad guys by setting your lights to turn on and off on a schedule so it seems like you're home when you are actually away. And the count down timer gives you a peace of mind, which automatically switches off the running household appliances as your settings.allows onling updating on the web UI
Compatibility

· **Compatible with Amazon Echo -** You can pair the Smart Plugs with Amazon Echo for voice control.

· **Compatible with Android, iOS -** The free Kasa app lets you run them from any Android (4.1 and higher) or iOS (iOS 8 and higher) smartphone.
