EZ-RJ45® Shielded Cat5e/6 Connectors

EZ-RJ45® Shielded Cat5e/6 Connectors with Internal or External Ground

Combining the performance exclusive to the EZ-RJ45 design with the advantages inherent to shielded products for a unparalleled solution. In applications where NEXT, FEXT and AXT are an issue, using shielded products can be the solution. Designed to work on both Cat5e and Cat6 cables, solid or stranded.

- FCC compliant
- UL & RoHS compliant
- 50 micro inch gold plated
- Patented
- Cat5e and Cat6, solid or stranded

Technical Data

- **Internal Ground:**
  Maximum cable OD: 0.260"
  Maximum conductor OD: 0.041"
- **External Ground:**
  Maximum cable OD: 0.280+"
  Maximum conductor OD: 0.041"

MADE IN THE USA

Ordering Information

Internal Ground:

Description	P/N	UPC CODE
Clamshell – 10 Pieces	100021C	899740001725
Clamshell – 50 Pieces	100020C	899740004627
Bag – 50 Pieces	100020	899740004757
Jar – 50 Pieces	202020J	899740003446
Bag – 100 Pieces	105020	899740004627

External Ground:

Description	P/N	UPC CODE
Clamshell – 10 Pieces	100023C	899740005488
Clamshell – 50 Pieces	100022C	899740005471
Bag – 50 Pieces	100022	899740005471
Jar – 50 Pieces	202022J	899740005402
Bag – 100 Pieces	105022	899740005464

See reverse for non-shielded EZ Connectors.

EZ-RJ45® Cat5/5e & Cat6 Connectors.

Simplify twisted pair terminations by allowing the wires to be inserted through the connector and out the front, to easily verify the proper wiring order. Pulling the connector down over the cable jacket and seating it tightly in the rear of the connector optimizes electrical performance of the termination. Reducing the distance between the wire twists and contacts also improves performance. Terminate with the patented EZ-RJ45 Crimp Tools - crimp and trim in one cycle.

Technical / Features

- Through holes allow wire pairs to be inserted through front of connector for faster terminations
- EZ to verify wire sequence, reduces scrap
- More reliable and higher performance
- Works with solid or stranded wire – separate connectors not required, reducing inventory and confusion
- Simple one-piece design - bars or liners not required
- Use in Category 3, 5, 5E or 6 compliant data networks
- UL rated, FCC & RoHS compliant

Front end of EZ Connector

Through holes allow wire pairs to be inserted through front of connector for faster terminations.

EZ-RJPRO™ HD Crimp Tool.

The recommended tool for EZ-JR45 connectors. Designed for the professional installer demanding consistent, reliable and repeatable terminations, every time.
